SUMMARY OF THE REASONS FOR DECISION:

The Classification Office classifies the CD-ROM slick *Brabusters* as:
Unrestricted.

The CD-ROM slick contains a full colour photographic image on its front cover of a clothed woman revealing some cleavage. The title *Brabusters* appears in large lettering across the top. The slick is intended as shelf advertising, and although mildly indicative of the sexualised content of the associated CD-ROM also entitled *Brabusters*, it is not considered enough to warrant a restriction. The Classification Office considers that there is nothing in the contents of the slick that would make its availability likely to be injurious to the public good.
